

MINOR HOCKEY PROGRAM ATTRACTS LARGE CROWD

Over 750 persons were present for another enjoyable minor hockey wind-up banquet and program in the Centennial Civic Centre last Saturday evening. Tables set-up on the playing surface were filled by young hockey

players, their parents and guests. Pit barbequed beef with baked potatoes, beans and salad served by Drayton Valley Elks and Royal Purple members got events of the evening off to a delicious

start. D.V.M.H.A. President, Doug Hall introduced the Master of Ceremonies, Jack Boddington of the Edmonton Parks and Recreation Department.

Head table guests introduced by Mr. Boddington included Mr. and Mrs. Reg Samis, Doug Messier, Sam Belcourt, Mr. and Mrs. Doug Hall, Mr. and Mrs. Les Brown, Mr. and Mrs. Frank Roggeveen, Mayor Lloyd Maclean and Mrs. Maclean, and Mr. and Mrs. Greg Polis.

Mayor Maclean brought greetings from the town and briefly reviewed recreation activities in the town. He complimented the Recreation Board and the Minor Hockey Association in their efforts to provide a good sports atmosphere for young people in the community.

Greg Polis, a 30-goal scorer with the Pittsburgh Penguins this year, proved very popular with youngsters and adults alike in his audience.

Young hockey players present could identify readily with Polis' experience in rising to professional ranks from minor hockey in the little community of Dapp, near Westlock.

Much of his minor hockey, he said, was played on outdoor rinks with occasional trips to games in a covered arena a highlight of his youthful career. He went into the N.H.L. after playing Junior A in the Western Canada League.

He pointed out the greatly increased opportunities for professional hockey players with the formation of the W.H.A. along with N.H.L. expansion.

An indication of the growing interest in hockey in the U.S.A. was the fact that many applications for Canadian hockey schools now come from boys in the States. Along with this growing interest, he said, were much greater opportunities for hockey scholarships available in both Canada and the U.S.A.

Greg Polis of the Pittsburgh Penguins was the popular guest speaker for the hockey windup.

Oil Wives Name New Officers

The regular meeting of the Drayton Valley Oilwives was held in the Cardium Room with 109 members present.

Spoons were given to Peggy Godlien and Lilo Rolf as they are leaving because of their husbands' transfers.

There was no "honorary member" chosen from the club this year but the ladies are reminded to get their votes ready for next year.

The Oilwives are entering a float in the rodeo. Lois Pankewicz is in charge of this, so if anyone is able to help out at all phone Lois at 542-3068.

This was election night and the two slates put on a most colorful campaigning program. The first slate came out as "Moon Oilwives"

promising a firm control throughout their astronaut executive. The second slate took the members on a toe-tapping escapade with their variety of unusual dances.

The new executive is President, Mae Barker; First Vice-president, Myrna Townsend; Second Vice-president Jeannette Vatter; Secretary, Carol McLeod; Treasurer, Elaine Varty; Membership, Phyl Kupsch; Reservations, Donna Olson; Constitution, Arlene Hedlund; Program, Diane Hegholz; Historian, Isobel Cawthorne and Publicity, Diane Dmytryshyn.

The next executive meeting will be held in the Cardium Room as this is the month the old executive hosts the new executive.

Boy Killed In Highway Accident

Thirteen-year-old Nick Paul Rudski of Drayton Valley, son of Adolph Rudski, was killed on Highway 57 May 10th when the farm tractor he was operating was rolled, pinning him beneath the machine.

The accident occurred about 4:30 p.m. 10 miles north of Drayton Valley. The boy and his two sisters, Dolly 11, and Beverly, 8, were apparently driving the tractor north, when a southbound 1/2-ton truck collided with the tractor, causing it to overturn.

Dolly and Beverly were taken to Drayton Valley Hospital with minor injuries. Local RCMP report extensive damage to the truck.

Baseball Tournament

An eight team baseball tournament will be held at the Drayton Valley Lions Park on Sunday and Monday, May 21st and 22nd. First game will start at 11:00 a.m. on Sunday.

TOWN COUNCIL SETS MILL RATE AT 80

At its regular meeting on Thursday, May 11th, Town Council set the mill rate for the year at 80 mills, the same as the previous year.

Total general revenue is estimated at \$825,459, and expenditures \$824,202, leaving an estimated surplus of \$1,256.

Passage of the millrate Bylaw followed an earlier meeting of the council to study town finances and the subsequent cropping of \$24,250, from the estimates to allow the hold-the-line budget.

All aspects of municipal spending were studied in detail by council meeting as a committee of the whole before establishing the mill-rate.

COUNCIL BRIEFS

At the regular meeting on May 11th Town Council authorized the reactivation of the town float to take part in the Evergreen Rodeo Parade on June 10th.

Also at the request of the Parade Marshall, Council authorized a donation of \$100, for the purpose of assisting in bringing bands into the town for the parade.

Chairman of the Protection Committee, Alex Zubot reported on the questionnaire on the matter of truck parking in residential areas. Most towns questioned indicated that regulations concerning truck parking were on the books but that enforcement was lax.

In order to help solve the problem Council agreed to amend Bylaw No. 449 to permit the owners of single trucks or buses to park the vehicles on the rear of property in the residential area providing they do not contravene regulations regard-

ing obnoxious or flammable material.

Some discussion was held on problem of handling two hour parking enforcement in front of medical clinics as patients are often required to wait more than two hours in the clinic and thus become liable to ticketing for violating the regulation. A sign will be hung in med-

ical clinic advising of two hour parking regulation in effect and requesting patients to take note of same.

Chairman M. Helm of Recreation and Community Services reported on the minutes of the board for meetings held since the last Council meeting. He mentioned that the board discussed the

Games Feature Pitching Duels

The Sun Life Red Socks swept an exhibition twin bill from the Whips over the weekend by scores of 6 to 1 and 3 to 1. However, the Green Machine came up with much better showing than was anticipated by many fans.

In particular, the pitching staff of Cec Koethler and Dennis Grotkowski turned in an enviable performance. Both hurlers went the distance in their respective games while yielding only scattered singles. In each game, the Red Socks jumped the gun in the first inning displaying great impetus for victory. And in each game, the Whips bore down and got tough.

Pitching was the strong note for the Edmonton team as well. Stan Kern and Kelly Braitenbach each gave up only one hit as they rendered the afternoon gloomy for the Drayton batters. Braitenbach showed little sympathy as he baffled hitters with his change-up. Belcourt blooped a key single off Kern to drive in a run in the first game. Teammate Assman landed one in the opposite field for his hit in the second game.

The Whips put up a good defence in the outfield. Dennis Riske showed poise as he hauled in everything that dared to enter right field. Jerry Wilkes, the centre-fielder, sparkled in making a driving catch to stave off a Red Socks rally in the final game.

Whips' management would also like to acknowledge the fine job done by Joe Makarowski, plate umpire, Doc Shimbashi, and Les Hutchinson in running the games smoothly.

Berrymoor News

A bridal shower for Miss Gwen Laughlin has been planned by her friends, Miss Caroline Young and Miss Edythe Colby. It will be held at the home of Edythe's parents at 8:00 p.m., May 17th. Everyone is welcome and ladies please bring lunch. Mrs. Jim Martin has had her brother, Mr. Calvin Lind of Cowley, Alberta and his friend Mr. Jess Cook of Calgary visiting at her home recently.

The Wideman family were in Red Deer on May 6th to attend the wedding of Mrs. Wideman's nephew.

Friends of Mr. Lon Ghese-gar will be sorry to hear of his sudden death. The late Mr. Ghese-gar lived for quite a few years in Berrymoor and was a resident of Bentley at the time of his death.

President of the Rebels Hockey Club, Les Brown (R), presents John Wieting of Drayton Valley with the keys to the trailer which the Rebels raffled off at their annual banquet. "I didn't believe it," said Mr. Wieting when he was informed of his win. "I've never won anything before!"

subject of swimming fees but they felt that the additional fees that may be collected from raising the fees would not warrant any increase. However they did increase the morning "Early Bird" swim fees.

The Recreation Director advised that the Ceramics Club has offered to pay the expenses for utilities, etc., for using the building in the Rotary Community Park.

A letter from the Drayton Valley Hospital Board was received requesting adequate warning in the event of water shortage. The board asks that the town provide at least a twenty-four hour warning on shut off. The Town Engineer indicated that this policy could be put into effect without any trouble. Council then directed that the Drayton Valley Hospital authorities be advised at least twenty-four hours prior to any water shut off.

Councillor Smith and May-hew and Town Administrator Bill Johanneson were named as a committee to set reserve bids on property coming up for tax sale.

Chairman Catherine Waugh of Social Development and Health reported on the progress to date of the senior citizens home and how the Local Management Board were finding the construction of same. She also reported on the Social Preventive Program that is presently being explored in the County of Parkland No. 31 and advised that preliminary explorations there indicate considerable interest.

Chairman of Development,

W. Robert Mayhew, reported on the progress of the airport to date. He advised that arrangements are being made to set up a meeting with Environmental and Lands and Forests officials to finalize the lease. He also reported that a voluntary work party had done some tree clearing and street clearing on the boundaries of the site on Tuesday night. The excavation, shaping and filling of the airstrip itself is going on very satisfactorily.

Council agreed that the Evergreen Rodeo Parade Marshall be requested to institute strict safety measures for the parade in the area of "give-aways" that are thrown from vehicles to child spectators.

Mrs. Mulgrew Heads Drayton Campaign

Mrs. Brigid Mulgrew will serve as Chairman of the Drayton Valley Campaign Committee of The Canadian Arthritis and Rheumatism Society, it has been announced by the society.

Mrs. Mulgrew heads a group of volunteers from the Catholic Women's League who will raise funds during September for the Society's attack on arthritis.

"We realize that the chronic diseases - of which arthritis is a prime example have replaced acute diseases as the nation's most critical health problem", said Mrs. Mulgrew. "It is well to understand that, though the cause and cure of this crippling disease are not yet known, the progress of arthritis can be checked and severe disability prevented in four out of five patients".

The Canadian Arthritis and Rheumatism Society seeks to improve delivery of health care services for arthritis patients. In the past 22 years it has brought the problem of rheumatic diseases from almost total neglect to a point where the control of arthritis may not be far away. Much has been accomplished, but much more needs to be done.

LEGISLATIVE REPORT

By
KEVIN PETERSON

The second part of the Conservative government's human rights protection package - a bill that prohibits people-to-people discrimination - is now before the Legislature.

The Individual Rights Protection Act will join the Bill of Rights Premier Lougheed proposed March 2 in ranking above all other legislation in the province in its application.

Any provincial act that contravenes the freedom and anti-discrimination provisions in the two rights bills will be automatically voided.

The new act, introduced by Ron Gitter (PC - Calgary Buffalo) and immediately accepted as part of the government's legislative program, will replace the existing Human Rights Act. It will set up a Human Rights Commission in place of the present administrator.

"In Alberta we pride ourselves with the fact that people are readily accepted without prejudice or class distinction and this by and large is true," Mr. Gitter said.

"Unfortunately situations do arise from time to time where discriminatory signs are published, where accommodation is denied, where employment is denied the female applicant...or where trade unions exclude people from membership for discriminatory reasons," he added.

Under the legislation, the new commission will be responsible for investigating complaints and attempting to negotiate a settlement.

If the commission does not succeed, the Attorney-General can appoint a board of inquiry under the Public Inquiries Act.

If the inquiry finds the complaint justified and a settlement cannot be reached the Attorney-General could take the complaint to the Supreme Court of Alberta. The judge would have the power to award any damages he finds fit as well as fine the guilty party up to \$200 if it is an individual and

\$1,000 if it is a corporation.

Also last week, Agriculture Minister Hugh Horner introduced the legislation setting up the \$50 million Agriculture Development fund.

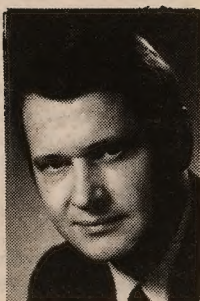

The fund, which replaces the existing Farm Purchase Board, will both make and guarantee loans to farmers for operating and capital expenses.

Dr. Horner said a major feature of the legislation is that it allows for debt consolidation programs to help the farmers who have fallen into difficult credit situations because of recent lean years.

The minister also confirmed that Alberta is negotiating with Ottawa for a joint program under the proposed federal small farms development program.

Report From Parliament Hill

By Allen Sulatycky, M.P.

National Revenue Minister Herb Gray has announced the government's decision to review foreign takeovers of Canadian businesses.

"While Canada has generally welcomed foreign investment", the Minister stated, "over the years we have adopted a number of measures to foster and protect the national interest. Foreign investment in banks and other key financial institutions has been limited by law. Our broadcasting facilities, newspapers and magazines are subject to specific laws which effectively keep them under Canadian control."

"During the past decade we established voluntary guidelines for good corporate behaviour by foreign businesses operating in this country. This government has also set up the Canada Development Corporation to help develop and maintain strong Canadian controlled businesses."

"The tax reform of last year contained several measures deliberately designed to encourage Canadians to invest in their own country rather than abroad, and to encourage the growth of Canadian controlled businesses."

"Now, Parliament will be asked to add an important new measure to these policies. Foreign companies seeking to buy out or take over an existing Canadian business above a certain size will be required to demonstrate that the purchase will result in significant benefit to Canada. The government is introducing legislation to establish a review process under the authority of the Minister of Industry, Trade and Commerce."

"In general terms the purpose will be to examine proposals for takeovers of Canadian businesses, to approve those that on balance will be of significant benefit to Canada, to negotiate with the

proposed acquirer in those cases where he can reasonably be expected to make a greater contribution to Canadian development, and to refuse to allow those takeovers that would not bring significant benefit to Canada."

This new policy, while not being as economically nationalistic as many had hoped for, is certainly a step in the right direction. The government's objective is clearly an economy designed for more and more Canadian participation. Moving too far, too soon, however, would have disastrous effects on many industries and developments.

Such situations Canada cannot afford at this time.

Mr. Gray continued, "Our objective as Canadians - which is to exercise greater control over our domestic environment - cannot be achieved by exclusive reliance on a takeover review process. As part of its response to this issue, the government will continue to develop positive policies to encourage the growth of Canadian sources of capital, technology and management. Our policy is designed to ensure that this country continues to develop as rapidly as possible in a way which is consistent with Canadian needs and aspirations and which safeguards our vital interests."

Car Checks Help Reduce Highway Accidents

Encouraging statistics indicate that traffic accidents are being reduced in provinces where vehicle inspections have been made compulsory.

The Canada Safety Council, in launching its national Spring Car Check campaign, points out that traffic accidents in Prince Edward Island dropped by 12 per cent in two years after the introduction of compulsory motor vehicle inspections. Nova Scotia and New Brunswick also reported similar reductions.

Accident reduction is certainly an admirable goal—but hopefully it can be accomplished without the necessity of any further compulsory measures.

Compulsory or voluntary, the Safety Council's Spring Campaign stresses the importance of vehicle inspections along with proper maintenance. Especially in view of the fact that about 60 per cent of all motor vehicles are rejected on their first inspection—proving beyond doubt that the majority of motorists do not maintain their cars properly.

Worth remembering is the fact that three out of four cars on the road can't pass a safety check. Preventative maintenance on them would help reduce accidents while saving the owners' money.

YOUR M.L.A. REPORTS

RUSTY ZANDER, M.L.A.

There are now 85 Bills before the House for consideration and approximately 30 Bills still to come.

I may mention that Bill 85 was introduced in the House. This Bill provides that all off highway vehicles be registered. This does not include all wheeled or track motor vehicles designed for travel primarily on unprepared surfaces, such as in open country and marshland, operated on their own land, or consent of owner, and includes all implement of husbandry, if operated in any other manner than specified in Sec. 2 of the act shall be registered. Snow vehicles are not included, but are included in other Acts passed in previous year.

The New Surface Rights Act, Bill 64, has received 2nd reading and has been referred to the Committee on Law, Law Amendments and Regulations for study. This Committee is chaired by myself, and all interested parties are invited to make representation to this Committee in writing before May 18th, 1972 as to their objections or other recommendations.

This Committee of the Legislature will consider all submissions at their next meeting May 19th, 9:00 a.m. to 10:30 a.m. There are 29 members on this Committee. Any person wishing any extra

copies of Bill 64 may obtain theirs from the Clerk of the Legislature, and all submissions must be directed to the chairman, either by mail to Room 513 of the Legislature or handed to him in person by Thursday, 5:30 p.m., May 18, 1972.

If time permits, the Committee may ask for oral explanations regarding certain Briefs submitted in order to clarify certain remarks pertaining to the Brief or Objections to the Bill.

As the chairman must report back to the Legislature as soon as possible, there exists an urgency in the matter.

The Royalty Hearings will begin on May 23rd next. Thus far 52 intentions of submission have been received. It is intended that the Hearings will last until the evening of May 26th. The House will adjourn about June 9th if all goes well.

Also of paramount importance to urban rural communities is Bill 50 which establishes a fund of \$50 million to establish or prompt industrial development in rural Alberta. Any person or industry may apply, either for new, or expansion of existing industry in our rural areas or towns and villages to an amount under Section 12 of the Act not exceeding \$500,000.

ADVICE ON VALUING FARM PROPERTY

Although it is a good idea to have farm property valued for capital gains as soon as possible, it is not essential to do this immediately unless the property is being disposed of.

According to Bruce Hackett, head of the farm management branch of the Alberta marketing and economics division, a farmer has three choices when it comes to valuing his property. The first is to do it himself. In this case, you should try to do it now. Describe the farm in terms of acreage, cultivated acres, type of soil, buildings etc. Compare your farm with others in the area, and record the prices of other farms that have been sold since valuation day to arrive at a value for your own farm.

The second method of evaluating your farm is to get a real estate agent or an agricultural official with a good knowledge of farm values in the area to come in and give you a value. This you can do anytime within the next year. The evaluator must be able to substantiate the value he places on your farm with recorded sales that have taken place in the area during the same period.

Your third choice is to get a professional appraiser. Although the ideal would be to have the farm valued now, in actual fact a professional appraiser has enough information on file that he could give you a value 20 or 30 years from now.

The best way to find an appraiser is to look in the yellow pages of the telephone book under accredited appraisers or to ask your local credit representative,

district agriculturalist etc. for a reliable appraiser. Before getting any of these people to value your farm, ask them for a price quote.

There have been a number of reports of unethical and unqualified people approaching farmers in some areas of the province and offering to appraise their operations. Be wary of people who come to your door soliciting appraisal work. Make sure they are properly qualified by asking to see their credentials. All accredited appraisers carry a card, issued by the Appraisal Institute of Canada, stating that they are an accredited appraiser. Farm valuations given by people who are not qualified to do the job, and who cannot substantiate the value they arrive at, are very unlikely to be accepted by the department of national revenue.

An early spring wedding was held on April 8th at the Emmaus Lutheran Church with Rev. Mohr officiating at the marriage of Mardell Dolores, third daughter of Mr. and Mrs. Glenn Pederson of Lodgepole, to Harry Bruce Burnett, eldest son of Mr. and Mrs. Climer of Saskatoon.

The radiant bride entered the church on her father's arm carrying a bouquet of carnations and Stephanitis. She wore a long sleeved gown of white satin with lace at the throat and at the hem over which she wore a full length matching cape and hood bordered with lace. Magnolia News

Mrs. Wilma Gauthier of Edmonton paid a recent visit to the Walker home. Wilma was accompanied by her daughter Sherry and future son-in-law. It is nice to see former residents return to the community for a visit.

May 5th was the opening day for "The Little Igloo" Drive-in Dairy Bar in Edson. Two local folks, Glynn and Maxine Roth, are the new operators, so now all you travellers who like ice cream know where to go to get it. Denny Roth is working at "The Igloo" also.

The members of the Magnolia men's baseball team wish to express their sincere thanks to Mr. David Churchill for his generous donation toward new baseball equipment.

Master Deyeron Roth recently spent a few days adding a little sunshine to the lives of his grandparents Cecil and Marie June.

The first baseball game of the season, a double-header, was played at Sangudo on May 7th. Sangudo won both

games. The scores for the first game were Sangudo 5 and Magnolia 4. The second game, Sangudo 11 and Magnolia 5. The players for the Sunday team were: Al and Wade Roth, Eston Christensen, Garth Manchester, Dean Strangway, Ron Hamer, Don Campbell, Pandey Relling, and one player borrowed from Sangudo to complete the team.

Mr. Charles Anderson arrived safely home after a two week stay in the University Hospital. We sincerely hope

that he continues to improve. We are also very happy to hear that Mrs. Cora Entwistle, a former resident, is improving after being ill. Keep up the good work.

Wade Roth left at the beginning of the week via the bus for a week's holiday with Leroy, Marian, and Misty in Lansing, Michigan.

April 29th was one of many excitements for the Cuthbertson family. Miss Ellen Cuthbertson became the bride of Mr. Mike Csokas on that date; R. J. Cuthbertson, of Winnipeg, here for the wedding with his wife was celebrating his birthday and Mrs. Tom Cuthbertson, of Stavely, here with her husband for the wedding, was rushed to the local hospital for an unscheduled appointment with the stork. At this time we would like to extend good wishes for a happy future to Mr. and Mrs. Csokas who have just returned from a honeymoon spent in B. C. and Washington State. Good-bye and good luck to

KNOW YOUR SCHOOLS

Write to "Know Your Schools" at Box 777 in Stony Plain, Alberta if you have any questions about education.

Question -- What guidance services are available through the schools?

Answer -- Educational, vocational and personal counselling services are available through the schools. These services are provided by teacher-counsellors at the Elementary and Junior High Schools and by full-time counsellors at Senior High Schools. Where a school is without a resident counsellor, the Director of Counselling Services is available to help. Special guidance services (at outside agencies) can also be arranged through the school counsellor. These include the Alberta Guidance Clinic and Clinical Services, Faculty of Education at the University of Alberta.

Question -- How does a parent or a student obtain these services?

Answer -- A parent or a student may obtain the above counselling services by contacting the school counsellor, principal, or Mr. N. W. McDowell, Director of Counselling and Special Education, County of Parkland Office, Stony Plain. If you have any concern regarding educational programs, vocational information, or personal matters please contact any of the above persons. If the counselling services within the system cannot assist you, then you will be given a referral to an outside agency if desired. It should be stressed that school counsellors are available without cost to help parents or children at any time.

Question -- What amount are parents required to pay for a child starting school in the County of Parkland in September 1972?

Answer -- Every student starting in the County schools in September is charged an instructional materials fee according to the following schedule: Elementary, \$8.50; Junior High, \$10.00; and Senior High, \$17.50 (full year).

Question -- If a child starts the school year in another County, and then transfers to the County of Parkland after the elapse of perhaps one or two months, are the parents required to pay the full initial amount, or is some reduction made?

Answer -- Any amount of reduction for a student who starts late or leaves early from the County schools depends upon the amount of time involved, and the quantity of instructional materials a student may use. The decision on a reduction or rebate, if any, is made by the school principal.

Question -- What amount are parents required to pay

YOUR M.L.A. REPORTS

PETER TRYNCHY, MLA

The Hon. W. J. Yurko, Minister of the Environment, made the following announcement in the House this week, regarding the opening of regional offices of the Department of the Environment, Pollution Control Division.

One of these regional offices will be in Whitecourt, and will be staffed by a senior technician. His prime responsibility will be the operation of the air pollution control branch mobile rural sampling network. The technician will investigate all complaints in the area, gather samples as required, and act as a liaison with local agencies and groups.

It is anticipated that the office will be opened by late summer, and the Hon. Mr. Yurko states that through the decentralization of these services, he is confident that their effectiveness will be increased. The location for this office was chosen on the basis of its proximity to sour gas plants, where much of the sampling is carried out.

The Summer Temporary Employment Program has recently announced the names of the towns and villages that will be receiving monies to carry out various projects this summer. I am very happy to confirm that Whitecourt, in my constituency, will be receiving the following: \$5,000.00, for beautification and general improvements (this program will employ four students); \$1,576.00, for a Department of Health and Social Development Regional Office (this will employ one student); \$9,000.00, for employment of six students for Forestry work; and \$14,000.00, for employment of three students for Forestry work.

Mayerthorpe will also be receiving \$5,000.00, which will provide employment for four students for beautification of the Cemetery and Park. Under the Opportunities for Youth program, sponsored by the Federal Government, Mayerthorpe

will benefit from a recreation program, employing eleven students, and costing \$4,960.00.

This Summer Temporary Employment Program (S.T.E.P.) will offer a great variety of summer employment to Alberta's young people, and the onus will then be on these young people to make the program a success.

Women's Group Seeks Clothing for Recycling

Do you have any old rags, unusable quilts, or socks, clothing of any description, no matter what condition it is in, that you would just throw in the garbage? Don't throw it

away. The Women's Christian Social Action Group are planning to send these old articles into Edmonton to be recycled into blankets which will be distributed from the Clothing Depot to families which are in need of them. These articles can be taken to the Clothing Depot in the basement of the Town Hall.

A donation of \$10.00 will be sent to the Canadian Bible Society and \$20.00 will be sent to World Vision of Canada to help provide seed and farm implements for Bangladesh refugees. Funds will also be provided to send two children, who would not otherwise have the opportunity to do so, to a summer camp.

Anyone having any sleeping bags or bathing suits which they could donate, could take them to the Clothing Depot. These will be sent to the Alberta Hospital for use during summer camps for the patients.

Buck Creek News

Those of us who have been patients of Dr. Maclure and know of the work Dr. and Mrs. Maclure are doing in returning to Africa again in the near future, will also find this interesting. In their slide pictures, the one of the open Bible, Dr. Maclure spent two and a half years playing a big part in the translation of this to Temne. There was a rough incomplete draught to start with and with the help of six African people, most of the time and taking three months off from other work and spending three months along with other work typing it. It was proof read three times, at times there would be 10 chapters going back and forth between England and Africa, before it was ready for printing and 800 thousand people had been helped. He has helped to translate the New Testament to Limba.

Carnwood News

A local pioneer of the Carnwood district, Mrs. Hannah Docken, celebrated her 90th birthday April 18th.

Mr. and Mrs. Henry Docken moved from Sacred Heart Minnesota to the Bently district in 1918. In the late 1920's they moved to the Carnwood district with their eight children, where they farmed until Mr. Docken's death in 1942. "Gramma" Docken continues to reside on the original farmstead with her son, Halvor. Another son, Thor also lived there until his passing in 1969.

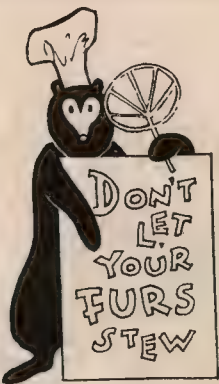

Attending a gathering on April 22nd were her sons Gilman and Halvor of Carnwood; Eugene of Leduc; her daughters, Mrs. Swaleson (Helga) of Tacoma, Washington; Mrs. Maki (Geneva) of Calgary; Mrs. Kangas (Ann) of Red Deer; and Mrs. Colby (Lila) of Edmonton; and many members of their families. In the evening neighbors and friends gathered at the Carnwood School for a party and refreshments.

Mrs. Docken would like to thank all those who sent cards and gifts and who came to be with her on her birthday.

LIBRARY NEWS

New books are arriving regularly. This week's list is of special interest to adults. For Desmond Bagley fans there is "The Freedom Trap". It is a fast moving yarn dealing with organized crime. A band specializes in springing long time prisoners who can afford the price.

"If You Want To See Your Wife Again" by John Craig started out as a kidnapping stunt for the purpose of advertising a film but ended up as something else again. "Retief's Ransom" by Keith Laumer is another thriller for the Science Fiction fans.

"The Raj" by Donald Robinson is a story of India before World War II. Each winter a large group of English young women took a boat out to India in what was known as the "fishing fleet." The object was to snare a husband from among the lonely men serving King and Emperor in India. The story centres around one of these young women and her marriage to a rich, withdrawn young man.

"The Barbary Run" by Frank Eccles takes place about one hundred fifty years ago off the North African coast. It is a story of pirate chases with some unexpected twists.

"Shadows in Paradise"

Erich Maria Remarque is the last work of the celebrated author finished just before his death in September 1970. The hero escapes from the Gestapo and make his way to New York. A fitting swan song for the author of "All Quiet on the Western Front".

"Pandora" by Sylvia Fraser is a first novel. You will remember the old tale of Pandora's Box where Pandora's curiosity allows all the ills of the world to escape and then she claps the lid down before hope could get out too. Certainly a different type of book.

ferent type of book.

Paul Gallico is an author I find it hard to make up my mind about. Some of his books namely; "Mrs. Arris Goes to Paris" "The Joyous Season" and "Around the World With Auntie Mame" rate high with me. At the same time "Tony" is something else again. At any rate we have Gallico's latest "The Zoo Gang". We will be interested in hearing your opinion.

Also included in our list of new books is Pearl Buck's latest, "The Goddess Abides; Cadell's "Home for the Wedding" "The American Golf Book" by the editors of Golf Magazine and a book of crafts jam-packed with new ideas.

AIR CADET NEWS

On Monday, May 8th, the squadron travelled to Calmar to represent the Air Arm at 2508 Thorsby-Calmar Army Cadet camp's annual inspection and Tri-Services Parade. Leduc RCSCC Resolute represented the Sea Arm at this parade.

The reviewing officers were: Lt. Col. A. G. Lynch Staunton, CD, A.D.C.; Major E. Taylor, C.O. 745 Squadron (affiliated unit); and Cpt. E. Morris, C.D. A.D.O. (land).

Thanks to Capt. J. Sieben, C.O. 2508 RCACC and his and the Calmar and Thorsby Royal Canadian Legion Branches for this opportunity to participate and for their fine hospitality.

The Squadron will have exams on subjects taken throughout the year on May 18th parade with Assessment Boards on Tuesday, May 23 (tentative) for promotions and the practical Drill Assessments on May 25th parade.

Annual inspection date is June 8th. This inspection will take place in the Centennial arena followed by the Annual Parent Cadet Banquet in the Legion Hall at which various speakers will be on hand along with annual reports of squadron operations, presentations of awards, and promotions. It is hoped that all parents; and parents of cadets-to-be, and interested

parties will turn out on this date and give 733 Squadron Cadets their support.

On July 10th nine cadets will leave for summer camp at C.F.B. Penhold. Sgt. D. MacMillan will leave for a six-week Senior Leaders Course at C.F.B. Borden, Ontario, and it is hoped Cadet J. L. Tyler will be accepted for a six-week band course at C.F.B. Penhold.

Endeavors are being made to get the provincial air cadet gliders out to Drayton Valley again, before they are tied up for gliding training at C.F.B. Penhold during July and August.

Lodgepole News
